

FY18 Placemaking Grants

July 1, 2017 - June 30, 2018

Guidelines and Eligibility

Allegany Arts Council (AAC) Placemaking Grants are made possible through the Community Arts Development program of the Maryland State Arts Council, a division of the Maryland Department of Business and Economic Development. This is a state/local partnership whereby the Allegany Arts Council receives funds from the Maryland State Arts Council and awards grants to local artists and non-profit organizations.

As you complete your grant application, please keep in mind that the information and presentation of this application is the only context the review panel may have to rate your project for grant funding. Please ensure that your answers and descriptions are detailed and specific and address the information requested. In addition, please take care that the neatness and formatting of the application also adequately reflects pride in your work and your organization. Please also be advised that this grant process is a competitive application process. There is high demand for these funding dollars and not all applications will be funded. Funding decisions and award values are based on available grant funds as well as cumulative criteria ratings received from the grant review panel. The maximum amount of Placemaking Grant funding that shall be awarded to any single individual or organization in a given fiscal year is \$5,000.
